

JJ Farming Boerbok - Boergoat Auction Results

Johan and Jacob of JJ Farming took a leap of faith a few months ago. They decided to have their first Production sale, despite the situation regarding the Foot and Mouth outbreak.

The only way to do an auction was to follow the protocol set out by the Department. They had to quarantine their animals and have the auction on their farm at Vasfontein, Pretoria.

From nothing the JJ team erected facilities. We had a Blessed auction today. It was well supported with a farm like atmosphere. There were a few exhibitors like Hoefeld Boerbok Club, Alzu, The Wire Depot, The Voerdokter and stalls selling food.

The bidding was positive and CDP Auctioneers and JJ Farming want to thank everybody involved and contributing to the success of the day.

See results below:

The highest price for an ewe was

R 5 400. The buyer was Andries en Heila Putter from Ermelo.

Lional and Dennis Esterhuizen from Lichtenburg bought the most expensive ram for R 7 100.

Kind regards,
Corne-CdP.
